Experience

Kalibrr

June 2017 - Aug. 2017

Product Design Intern

- Handled a variety of product design tasks, such as user research, usability testing, visual/interaction design, and prototyping
- Proposed and designed a new log in and sign up flow for Kalibrr that's expected to lessen support tickets on logging in and signing up by 50%
- Created shimmer animations using HTML and CSS that are now used in loading various components of Kalibrr's website

User Experience Society

Nov. 2016 - Present

UX Consultancy Officer

- Accepted into User Experience Society's consultancy team, which works with various clients to design and create websites for them
- Designed phase 2 of the TEDxADMU website at tedxadmu.ph

HangTime

June 2016 - Present

Co-Creator and CEO

- Co-created HangTime - a web app with 7,000+ users that helps students compare schedules with friends and schedule meetings easily
- Ideated HangTime's features, designed mockups, did user research and testing, and coded parts of our web app at hangtimeapp.com
- Acquired 2,000+ users and reached 35,000+ people organically through our Facebook page in 3 days from HangTime's first version's launch

ASES Manila

Aug. 2015 - May 2017

President ('15-'16) and Community Director ('16-'17)

- Appointed as President of the Asia Pacific Student Entrepreneurship Society - Manila Chapter (fb.com/asesmnl) right before freshman year
- Led the conceptualization and execution of ASES Summit Manila - a 7-day entrepreneurship conference with 23 delegates from 7 countries.
- Conceptualized and executed ASES Manila's Startup School 2016, wherein ASES members form teams and build a startup in 8 weeks.
- Created modules for low-fidelity prototyping, high-fidelity prototyping, and building a Minimum Viable Product for the Startup School.

Freelance Work

Jul. 2015 - Present

UI/UX Designer and Front-End Web Developer

- Conceptualized, designed, and coded the website at healthacks.ph.
- Created 2 Invision website prototypes and 1 Adobe XD prototype of a personal finance mobile app for 3 different clients.

Education

Ateneo de Manila University

Aug. 2015 - Present

BS Information Technology Entrepreneurship

- Merit Scholar (Top 40 Freshman Applicants)
- Cumulative QPI currently is 3.71/4.00 (*magna cum laude standing*)

Xavier School

Graduated in 2015

International Baccalaureate (IB) Student

- Co-Valedictorian (Tied for 1st in batch rank out of 300+ students)

Programs/Languages Used

Sketch, Adobe XD, Photoshop CC, Invision, HTML5, CSS3, jQuery

Design Skills

Research and Interviewing
Sketching and Creating Mockups
Usability Testing
Analytics Tracking and Analysis

Awards Received

Finalist, Unionbank U:Hac Manila Hackathon 2016

Was a finalist (top 12) out of 60+ teams at Unionbank's U:Hac hackathon. Our team created PrepMe, a web app that uses NLP and video recording to help you prepare for your job interviews. Did front-end coding.

2nd Place, Ateneo BlueHacks Hackathon 2016

Won 2nd Place at Computer Society of the Ateneo's BlueHacks Hackathon, where my co-founder and I first prototyped HangTime. Did user research, user flow mapping, and pitching.

Finalist, YouthHack Code Weekend 2015

Was a finalist (top 6) at YouthHack Code Weekend. Our team created 99Degrees, a web app that helps you find reviews and ratings of different universities and courses. Did front-end coding.

Workshops Given

HTML and CSS Workshop -

Computer Society of the Ateneo

Lo-Fi Prototyping Workshop -

ASES Manila

College Life Hacks Workshop -

Lauan College Edge Bootcamp

Other Accolades

Writer at HackerNoon.com

Hacker Noon is currently one of the top 20 Medium Publications in the world. One of my articles, "25 Chrome Extensions, Apps, and Hacks to 2x Your Productivity", reached 22,000+ views and 900+ recommends. It was also featured on Business Insider.
